471 responses

9. Rate the internal evaluation process

471 responses

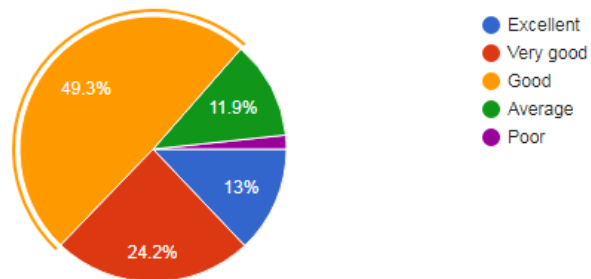

10. Rate the overall facilities available at the latest technologies or future technologies

471 responses

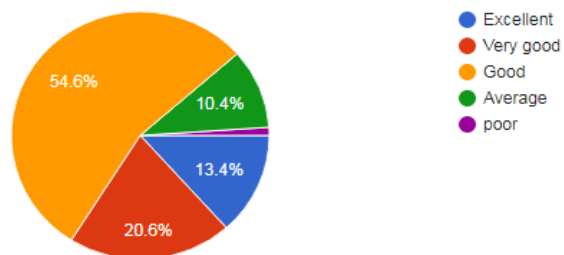

11. Rate the distribution of credits to the course

471 responses

12. Rate the sequence of the modules in the courses.

471 responses

Student's feedback curriculum

A Report

Students are one of the important stakeholders to receive the feedback on course conducted as well as on teaching methods adopted by the teachers.

A student's feedback is taken in our college regarding our curriculum. Majority of the students have opined that the curriculum inculcates soft skills and life skills which enabled the students to fare life.

The curriculum is relevant to life and develops employability skills. The curriculum is cognitive and social. It promotes growth in the right direction. The students also opined that the teachers acts as facilitators and they complete syllabus on time. However a few percentage of students felt that the curriculum is inadequate to meet the global challenges .Too much weightage is given to internal assessment marks in NEP. This curriculum is also inadequate where practical aspects of life are considered.

50 responses

Teacher feedback curriculum

A Report

Teacher's feedback is one of the key indicators of the incremental process of ongoing teaching, learning and assessment.

The majority of teachers in their feedback feel that the curriculum is suitable for the course. It has right mix of theory and practical. The curriculum supports the study of UGC-NET\CSIR. The learning outcomes are of global standards. The reference materials are good, evaluation is done appropriately.
