REPORT ON INSTITUTIONAL AMBIENCE (STUDENTS) FOR THE YEAR 2022-23

More student centric methods to be incorporated with extracurricular activities, soft skills and employability skills have to be further enhanced. Specific initiatives for slow learners and advanced learners need to be carried out. Multimedia and LCD projector usage has to be optimized.

Feedback from students regarding the infrastructure and facilities is periodically collected. Students' opinion on classroom facilities, ICT enabled teaching, learning tools; library, computer labs, general amenities like toilets, recreation games and activities etc. are obtained through feedback of the students.

Most of the students strongly agree that the co-curricular and extracurricular activities in the college offer a conducive ambience to promote one's knowledge, skills and talent.
