REPORT

DATE: 16-09-2025

The Inauguration of NETSIM (Network Simulator) was a significant milestone in advance network technology and simulations. The event marked the official launch of this cutting-edge tool designed to help students in the field of networking to simulate, test, and understand various network setups and configurations.

The main objective of NETSIM is to provide a realistic environment for simulating networking protocols, devices, and configurations without the need for expensive physical hardware.

Highlights of the Event: The inauguration ceremony began with a welcome address by Jagadambika N S, the event coordinator, who introduced the attendees to the purpose of NETSIM and its potential to transform network training and simulation.

Introductory Speech: Mahesha S, HOD, Computer Science department, SSCASCW, Tumkur a prominent figure in networking, delivered a keynote speech. They discussed the importance of Simulation, vision and objective of NETSIM.

Guest Introduction: Shamitha S N, addressee's the gathering by giving guest introduction.

Guest Speech: Prof. Nagaraja K V, a prominent figure in networking, delivered a speech about current networking trends. They discussed the importance of simulation tools in modern network education and their relevance in the rapidly evolving field of networking.

Presidential Speech: Dr Dakshinamurthy H M, also highlighted key features of NETSIM, such as its support for IPv4/IPv6, network security simulations, WAN technologies, and its user-friendly interface designed for both beginners and advanced users.

Closing Remarks: The event concluded with closing remarks by Mounika B, thanking all attendees for their participation and highlighting the importance of continued innovation in network simulation tools.

Conclusion: The inauguration of NETSIM was a resounding success, showcasing the potential of network simulation tools in enhancing learning, training, and troubleshooting in networking environments. NETSIM is poised to make a significant impact on the networking community, and its continued development will contribute to the growth of more skilled network professionals.
