The session sought to impart knowledge on IPR's multifaceted aspects, including its types, legal frameworks, and applications in business and innovation.

Dr.Madhu S Professor, Department of MBA , Jyothi Institute of Commerce and Management, Bangalore provided a comprehensive overview of intellectual property as intangible assets originating from the human mind, encompassing inventions, literary and artistic works, designs, symbols, names, and commercial images. She stressed the necessity of protecting these through established IPR mechanisms, detailing the following categories:

- **Copyrights:** Protection for original literary and artistic works, such as books, films, paintings, and cinematographic productions, with a duration generally extending to the author's lifetime.
- **Designs:** Safeguarding the aesthetic features of products, particularly industrial designs, with protection typically lasting 10 years.
- **Patents:** Exclusive rights granted to inventors for novel inventions, valid for a period of 20 years.

Conclusion:

The workshop was a resounding success, drawing significant participation from students. It effectively raised awareness about IPR, aligning with the institution's commitment to holistic education and ethical practices. The collaborative efforts of the organizing bodies ensured a seamless execution, contributing to the academic and professional development of the participants.
