DEPARTMENT OF BOTANY

EDUCATIONAL TOUR REPORT

The Department of Botany organized an Educational tour for life science students on 18th and 19th of April 2025 to Joke falls, Yana caves, Honnavara Mangrove forest, Udupi, Saint-Marys island and Manipal museum.

The main objective of the trip was to expose the students to practical applications of biological sciences and enhance their understanding of concept through real observations and teaching interactions.

Objectives : 1. To understand ongoing research and methodologies in the field of life science.

2. To inspire scientific curiosity and innovative thinking.

3. To observe biological systems like flora and fauna.

Tour highlights:

- Visited Mangrove forest where they learned about halophytes.
- Visited forest area and marine habitat and they observed biodiversity of different species and ecological interactions.
- Visited research institute where students interacted with experts in Manipal research centre.

Key learning:

- Gained a deeper understanding of biodiversity and developed a greater appreciation for conservation and ecological balance.
- understood research process including sample collection, data analysis and lab safety protocols

Conclusion : The educational tour was highly enriching experience for all life science students and encouraged research and conservation.
