Respected Sir

Sub: Seeking Permission to organize a Special Lecture on "Human Primordial Germ Cell (PGCs) Migration and Oogenesis".

With reference to the above Subject, the Department of Zoology is organizing a Special lecture on "Human Primordial Germ Cell (PGCs) Migration and Oogenesis" on 25-03-2025 for the students of Life sciences. Hence, we kindly request you to grant permission to conduct the programme and do the needful.

Thank you

Vilaga

Intimation

23-03-2026

Respected HOD's and Staff Members,

The Department of Zoology is organizing a Special Lecture on "Human Primordial Germ Cell (PGCs) Migration and Oogenesis". By Dr Sarjan H.N. Assistant Professor, Department of Zoology Government First Grade College, Sira, on 25-03-2026 in Akkamahadevi Seminar Hall at 10.30. AM.

We request you to attend the programme and kindly allow students to participate in it.

1. HOD and Staff (Department of Botany & Microbiology)

G. Chibbarasaiah
HEAD OF THE DEPT. OF BOTANY

DEPARTMENT OF ZOOLOGY

Report

Special Lecture on "Human Primordial Germ Cell (PGCS) Migration and Oogenesis"

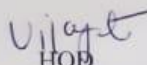

The Department of Zoology organized a special lecture on, "Human Primordial Germ Cell (PGCS) Migration and Oogenesis" on 25-03-2026 at akkamahadevi seminar hall for all the life science students and faculty members to enhance understanding of human reproductive biology and developmental processes.

The Programme was started with an invocation song by Kum Ananya final B.Sc. (CZ) Guests and dignitaries were welcomed by Prof. Vijayalatha R.S.HOD, Department of Zoology. Followed by the Introduction of the resource person Dr Sarjan H.N. Assistant Professor, Department of Zoology Govt. First Grade College of Arts, Science & Commerce Sira Tumakuru. by Kum. Kavyashree N III B.Sc (CZ) The programme was presided by Dr. Dr.H.M. Dakshina Murthy Principal, SSCASCW, Tumakuru, who delivered the presidential speech with respect to the special lecture.

Dr Sarjan H.N. Assistant Professor, Department of Zoology Govt. First Grade College of Arts, Science & Commerce Sira Tumakuru, was called as the resource person for the special lecture. He delivered the speech and a Power point presentation, which has benefited the students immensely.

The Power point presentation mainly focused on the origin and migration of Primordial gem cells during human embryonic development. The speaker explained that primordial germ cells originate in the yolk sac region and migrate through the hindgut to the developing gonads, where they later differentiate into germ cells.

The special lecture helped the students understand important concepts in human developmental biology in a clear and systematic manner. Faculty members also benefited from the academic session. The resource person was felicitated by Department of Zoology and The Programme concluded with a Vote of Thanks by Kum Anusha III B.Sc (CZ). The Programme was compiled by Ms.Namratha T.N. Faculty, Department of Zoology.
