DEPARTMENT OF BOTANY AND MICROBIOLOGY

REPORT ON SEED BALL MAKING AND POSTER MAKING ACTIVITIES

The Department of Botany and Microbiology conducted seed ball making and poster making activities on 06-06-2023. A seedball making activity was organized within the Department premises. The objective of this initiative was to promote environmental awareness, community engagement, and contribute to local biodiversity.

The seedball making activity received positive feedback from participants, fostering a sense of environmental responsibility and community involvement. The hands-on nature of the event facilitated a deeper understanding of the ecological benefits associated with such initiatives.

The seedball making activity was a commendable success, promoting environmental consciousness and community engagement among students. The positive impact of such initiatives goes beyond the immediate event, contributing to a culture of sustainability and responsibility.

We extend our gratitude to all participants and look forward to further initiatives that align with our commitment to environmental stewardship.
