## FEEDBACK

The best workshop I have ever attended.

The 'translation a bridge' workshop was an amazing! Dr. Naveen is an extremely competent person and really knows how to engage attendees.

During three hours of webinar I never felt bored and whenever I was about to distract Dr. Naveen caught again my attention with a prompt.

Besides from the quality in the delivery of information the content of the course itself is also top notch.

I learned a lot of extremely useful tips on how to build career as a translator. The workshop wasn't just a read-out of information that is quickly forgotten after a short time. Thanks to the several interactive activities and to the way information was delivered I have the feeling that all these useful concept will stick in my head for a while.

I would definitely recommend it to anyone who are searching for good and better career option, 'being a translator' will be most advantageous.

Thanks again for the amazing experience!

Truly useful

It's a very truly useful session to us. In this session the honourable guest/person Naveen Halemane Sir was came. He is a translator and also a writer and, at present he worked at Kunigal college. He is a lecturer. This session is a lovely session with great learning to us in this session. He told us about the translation and in the translating how to get earn money and how to learn translate and when and where we studied this course so much information. We are learned about the translation in this session. It was never felt like a boring session. However, very interesting and interactive. Got better understanding of translation and it is related to our future to achieve more. It is a very positive and helpful to future us.

Atlast, Thank you so much for English department lecturers and the principal to organise the useful session.
