

Ring Solar Eclipse -2019

Ring Solar eclipse -2019

Sree Siddaganga college of Arts Science and Commerce for women under the leadership of Dr. K.C. Jayaswamy and the department of physics organised a programme to view the solar eclipse on 26th december 2019 between 8:30 am and 10:30 am in the college ground.

This eclipse is the last solar eclipse of 2019 will turn sun into ring of fire. The solar eclipse began setting in Tumkur at 8:06 am and will last at 11:05 am.

The student and the faculty members of our college observed the eclipse. They were excited to see different stages of Sun and moon. They were recognised when Sun take over moon. They understood the most fascinating astronomy event. In that event our teachers explained the phenomena behind it.

It was one of the greatest opportunity to see this event. Many of the students were not seen any of the astronomical even like 2010 total solar eclipse, Red moon etc. till now. It is one of the awareness programme just to eradicate superstitious belief.

In this programme, the college has provided solar filters for the students. More than 100 students and 20 teachers viewed the eclipse, Our students and teachers thank us for this great opportunity provided by the college.

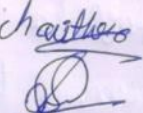

Sl No	Name of the Student	Time of seen	Signature
