### **About the origin of the association**

From the time the college was started in 1982, many students have passed out of this college in various streams and are quite well placed in life. They remember the teachers and alma mater with gratitude. They would be happy to meet their beloved teachers alma mater. They would express their eagerness to help their alma mater in whatever way they could to ensure that it progressed and grew from strength to strength but lamented the lack of opportunity to do so.

To address the above need the college thought of starting an alumni association and did so in 2003.
